A large crowd, numbering several hundred, heard Hon. Joseph Weldon Bailey Jr., Congressman-at-Large, from Texas, deliver a forceful plea in behalf of his candidacy for United States Senator over the loudspeaker system at the bandstand on the picnic grounds this (Thursday) afternoon. Congressman Bailey is a distinguished, polished orator and held his audience spellbound. He is wagering a vigorous fight for the Uniter States Senate. He has a host of friends over this city and county who heard him, and who congratulated him on his excellent address.

HAROLD HAMLIN SALESMANAGER C.C. MILL & ELEV. CO.

EXPERIENCED WEST TEXAS BUSINESS MAN BROTHER MRS. F. B. POPE

Announcement is made that Harold Hamlin of Denton has accepted the position as salesmanager of the Collin County Mill & Elevator company of this city.

He will be warmly welcomed back to McKinney where he lived as a child when his rather, the late Rev. R. R. Hamlin served as pastor of the First Christian church for several years.

Mr. Hamlin has a sister, Mrs. Fletcher B. Pope, living in McKinney.

Mr. Hamlin is an experienced salesmanager, having served in this same capacity with the Wichita Mill & Elevator company at Wichita Falls, also in the same capacity for the Kell Milling company at Vernon and for the last two years with the Alliance Milling company at Denton, from which city he comes to McKinney. These papers and editors cordially welcome Mr. Hamlin to the business and other circles of our city and county.

Rev. C. H. Wray of Prosper was in town Saturday. He came with Andy Mahard, a prominent West Collin citizen.

A. Hardy Eubanks, vice-president end cashier of the Central State bank, went to Dallas early Tuesday morning on business connected with his big financial institution.

A number of out-of-town relatives and friends who came to McKinney to attend the burial of the late Robert Bennett of Dallas in Pecan Grove cemetery in this city at 11:30 o'clock Thursday had noonday luncheon at the pretty big brick home of Mrs. George Wilcox. Mrs. Wilcox is a relative of the widow of the deceased.

Wesley is a grandson of Wesley B. Perkins, veteran farmer and fruit grower, who resides on his pretty farm, three miles south of McKinney. Wesley seems to be an adept at budding and grafting fruit trees and pecan trees. He seems to have inherited this gift from his ancestors, several of whom are florists and nurserymen. Some fine demonstrations of his successful work in budding and grafting are to be seen on his grandfather's farm three miles south of McKinney.

James H. Fisher aged 84 years, 1 month and 23 days old, passed away at the family home in the Snow Hill community at 10:30 o'clock Sunday night, July 8, after a protracted illness.

Senator Tom Connally Addresses Big Picnic Crowd Here Tuesday

Hon. Tom Connally, United States Senator from Texas, seeking re-election to his second term, thrilled a large crowd of people, who gathered on the picnic grounds to hear him Tuesday afternoon, with an excellent speech filled with oratory, in which he set forth his record in detail to the voters of Collin county. Senator Connally was introduced by Hon. L. J. Truett, prominent McKinney attorney and longtime friend of the senator, who praised him as a leader in the National Democratic administration, and a man worthy of the confidence that Texans had placed in him.

* * *

Supporter of President.

Bringing forcibly to the front his great work in the present agricultural rehabilitation program of President Franklin Delano Roosevelt, Senator Connally said: "I supported the Roosevelt Farm Relief measure adopted early in 1933. It is commonly known as the 'plow up' farm bill. It was an emergency measure. Under it the cotton farmers of Texas received $44,000,000 in the plow-up campaign and an increase in the price of their cotton. The wheat and other farmers also received large benefits. I also supported the ten-cent cotton loan plan which made it possible for farmers to hold and carry their cotton for higher prices. The legislation to provide for the refinancing of farm mortgages, for the extension of time, and for the reduction of interest rates received my hearty and enthusiastic support. Thousands of farmers were enabled to prevent foreclosures and liquidation through this measure."

* * *

Collin Farmers OK the Record.

Senator Connally took notice of his opponent, Congressman Bailey's denial in the morning papers of Tuesday as to the correctness of his (Bailey's) votes as quoted in the Democratic Recovery Program pamphlet being distributed over Texas, giving a comparison of the record of the vote of the two candidates for the United States Senate on the Farm Relief bill, on the Home Owners Loan act of 1933, and on the Unemployment Relief bill. The pamphlet shows Congressman Bailey voting "no" on all three of these administration relief measures and Senator Connally voting "yes" on them.

Senator Connally had a copy of the Congressional Record with him at McKinney and turned it over to three farmers of Collin county—S. B. Vermillion of Altoga; N. A. Burton of McKinney, and J. L. Gibson of Melissa. After scrutinizing the official record, these three well-known Collin county citizens announced that the record of the two candidates for United States senator on these measures is correct, as claimed by Senator Connally. Senator Connally, after telling of the various benefits of Roosevelts' farm recovery laws, asked the great crowd of farmers listening to him who oppose the relief measures and objected to the one-and-a-quarter-million dollars actual cash paid to the Collin county farmers during 1933, to manifest same by holding up their hand. No hands were held up.

Turning to economics, the senator said: "In the last session of Congress, I was the author of an amendment to the tax bill adopted by the Finance Committee and incorporated in the 1934 Revenue Act placing an excise tax upon coconut and other foreign vegetables and animals oil and fats. This measure was designed to help the producers of cottonseed and domestic oils and fats. It became a law and has lifted the price of domestic oils and fats to higher levels. Every farmer in Texas will be benefited by its enactment.

* * *

Co-Author Connally-Jones Act.

"I was a co-author of the Connally-Jones cattle relief act, making cattle a basic commodity under the Farm Relief Act and providing millions of dollars in benefits to the producers of livestock. This act is already in operation throughout the drought-stricken counties of Texas and is bringing relief to the distressed farmers and stockmen throughout the state."

Speaking of the veterans' affairs, the Senator stated that he was co-author of the Connally-Patman American Legion bill providing for the coinage of memorial half dollars for the Texas Centennial and that since he had been a member of the Senate he had consistently supported legislation in behalf of the service-connected wounded, disabled and diseased veterans of the World war and had also supported pension legislation for disabled Spanish-American war veterans.

* * *

Dollar Devaluation.

In the realm of dollar devaluation, the Senator said, "One of the most fundamental policies of the Administration and the Congress was the devaluation of the gold dollar. As early as January 24, 1933, while Mr. Hoover was still in the White House, I was the first Senator to urge in the Senate that the dollar be devalued by reducing its gold content. The dollar had risen to unusual levels. Property values had shrunken and shrivelled. Mounting mortgages and bond issues made it impossible for the people of America to discharge their indebtedness with gold dollars of the old standard. Again and again I urged that Congress under its authority to coin money and to regulate the value thereof should cut the value of the gold dollar. After Mr. Roosevelt became President he urged upon the Congress that it enact legislation empowering him to devalue the dollar. On the twenty-fourth day of January, 1934, the bill came before the Senate of the United States. It was enacted. Under its authority the President has cut the gold content to fifty-nine per cent of its former value. Through devaluation the government made a profit of $2,900,000,000. Export prices rose immediately. While England and France were still paying six and a half cents for cotton in the old gold standard, the Texas cotton farmer was getting more than ten cents in the devalued American dollar. The debtor may discharge his mortgages with a dollar more nearly of its value when the debt was incurred.

* * *

Secured School Aid.

"The day before I left Washington I was happy to be able to announce to the people of Texas the securing from the Federal Administration of an allotment of five hundred thousand dollars for the relief of the rural schools of Texas. The continuance of these schools was threatened. An emergency demanded action. It is believed that they will now remain open."

"In the formation and execution of this program it has been my course as your Senator to work in harmony with the leaders of the Democratic party and the courageous, heroic leader whom the people of America in 1932 chose as the chief executive of the United States, President Franklin D. oRosevelt."

Senator Connally also pointed out that the Democratic leadership of the Senate had assigned him to the Committee on Foreign Relations and to the Committee on Finance, the two highest ranking committees in the Senate. He is also chairman of the Committee on Public Buildings and Grounds and a member of the Committee on Privileges and Elections.

Judge Harrington states that this is the first, or preliminary, step in the securing of drouth relief and if conditions warrant, this county will be placed among the primary or emergency relief counties. This measure is caused by the drouth which has prevailed here for over two months, greatly endangering and deteriorating feed crops. It is a part of the Federal government's plan to aid douthr-stricken farmers in this section, where needed.

YOUR HOME TOWN

SEEN HERE AND THERE

The mercury soared to 110 degrees Tuesday afternoon, the highest reading of this summer heated season; it was the third time the thermometer has reached that high figure this year . . . This terrific heated spell is having its effect on animals, as well as human beings; Fred Dickinson of this office tells this one on "Muggins," his cat: The heat Tuesday afternoon was too much for the kitty, whereupon Fred provided the canine with an abundance of ice water and ice cream, and now "Muggins" is getting along nicely . . . Down on the picnic grounds, one certainly gets warm, we will admit, but you meet up with a lot of friends and in going about the grounds you are prone to forget the stifling heat . . . Met up with Ed Wilson, Fort Worth balloon man, here for the reunion and his parachute jumper, Harvey Graham, also of Fort Worth . . . That flight Tuesday afternoon was one of the prettiest we have ever seen . . . W. H. Hames, of Fort Werth, here with his shows, has been coming to McKinney for the past twenty-eight years; he's regarded as an institution during the picnic-reunion.

TOWN BOOSTERS

Half-time boosters don't do much for a city; it takes full-time boosters to do something. So we are told by Edson R. Waite, newspaperman of Shawnee, Oklahoma. New industries seeking a location are always influenced greatly by the evidence of support and encouragement shown indstries already located in a city. Most cities have men of the type that make a city better; men of high ideals who are willing at all times to labor for the public good, who believe in a square deal for all, believe in their city and its future and practice what they believe. These men do all in their power to encourage and develop to a high degree of efficiency every movement for the betterment of their city. They are the men who have kept their money at home—spent it at home, or invested it in home industries. These men are a big asset to their city. People have confidence in their integrity; they are leaders. Every city must have leaders and the citizens should follow their leaders. Cities that are on their way will get somewhere by following this class of leaders.

POOR BUSINESS FOR AMERICAN PEOPLE

Dear Editors:

Here is something else for the American people to think about. For years and years, we have labored diligently at the task of selling Great Britain and Japan our surplus raw cotton. What has happened? American exports of cotton goods have shrunk almost to the vanishing point in most quarters of the globe.

The writer submits here some reasons why he thinks it has been an economic mistake to market our surplus cotton abroad in the raw state, namely:

1. Conversion of those millions of bales of raw cotton into cotton goods would have meant hundreds of new cotton factories equipped with millions of additional spindles together with American labor to operate them.

2. It would have enabled America to trade with all nations that use cotton goods—most of them do—instead of being restricted largely to Britain and Japan as customers for our surplus raw cotton—always sold on basis of the world price, which is usually low.

3. We have helped other nations, especially Britain and Japan to own cheap cotton and become our main competitors for world cotton goods trade. Assuredly if these non-cotton raising nations can pay transportation charges on American raw cotton to their home factories, manufacture it into cotton goods and reship all over the continent and Europe, then America, by having factories located in her own cotton growing states, would have a distinct advantage over these nations that do not grow their own staple.

4. By shutting off the supply of American raw cotton to those world trade leaders in cotton goods, but who produce little if any cotton, would greatly diminish their available supply of raw material and this would automatically hoist the price of raw cotton and cotton goods the world over.

Yes, seemingly American interests would best be served by not selling cotton to other nations in the raw state.

25 YEARS AGO IN M'KINNEY

FROM THE FILES OF THE DAILY COURIER-GAZETTE

(July 23, 1909.)

McKinney is steadily growing. A number of new rent houses and homes are going up over the city.

M. C. Caylor, chaplain of the County Farmers' Union, was here from near Graybill yesterday.

Benjamin Ball, who has been carrier for the Daily Courier-Gazette on Route 2 during the past year, has resigned and is succeeded by Laurin Coffey. Both are fine young boys.

Former Governor James K. Vardaman of Mississippi was a distinguished visitor in McKinney yesterday. He was the guest of his old Mississippi friend, Rev. S. L. Rieves, now pastor of the First Presbyterian church here.

The little two-year-old son of Mrs. Clint Farley died at the home of his grandfather, John B. Lawson, at Walters, Oklahoma, Saturday. Recently, two of Mr. Lawson's little sons were drowned. All of these children were brought back to Altoga for burial.

J. C. Wylie, a merchant at Emory, Rains county, will shortly move to Greenville. Mr. Wylie is a former dry goods merchant at McKinney. Their store, located on the south side of the public square was known as the Wylie & Baldwin dry goods establishment. Mr. Wylie was the first president of the McKinney Epworth League when it was organized in June, 1895.

Prof. C. G. Rittenhouse of Rochester, New York, has received a promotion in his work as a chemist for the Eastman Kodak people, which will necessitate his removal about September 1 to Chicago, where he and his wife will take up their residence at that time. His wife was formerly Miss Marguerite Muse, daughter of Mr. and Mrs. J. M. Muse of McKinney.

GIVE the young man a chance. Vote for Roy R. James for County Superintendent.—(Pol. Adv.)

Mrs. J. W. Sellers has returned from a visit to her son-in-law and daughter, Mr. and Mrs. D. A. Wilkes and little daughter, Joan, in Dallas. Mrs. Wilkes will be remembered as Miss Connie Sellers before her marriage. She and her young husband have recently built a new home at 4070 Elmhurst, University park addition, Dallas, and have already moved into same.

Miss Sallie Earle Goodenow of Dallas, is visiting relatives in this city.

CHAS. M. COOPER IS FIRM BELIEVER IN ADVERTISING

Chas. M. Cooper, manager and co-owner of the J. C. Penney company store in this city, believes in passing around flowers to the living. Mr. Cooper comes by to tell these editors that the advertisement special he ran recently in the Daily Courier-Gazette produced more results than their fondest anticipation. Mr. Cooper says that this is the best result he has ever gained from advertising. He is a firm believer in advertising and regularly uses the columns of these papers to tell the world about the big J. C. Penney company store in this city.

His special ad was a clearance special and a dress special in which he advertised for sale 600 yards of batiste, voiles, lawns and organdies. In his dress special, he advertised 66 Swisses, voiles, organdies and eyelettes, embroidery and pastel Bemberg silks.

These editors have known and appreciated the friendship of Charlie Cooper, as well as his fine group of co-workers in the J. C. Penney company store and it is needless to say we appreciate these "flowers" from this fine McKinney business man.

A. C. DOYLE MEMBER PIONEER COLLIN FAMILY

In a conversation with H. C. Greenwood, prominent Prosper farmer, Friday, and his uncle, A. C. Doyle of Slidell, Wise county, this editor was told that the Doyle family came from Lee county, Virginia, to Collin county, Texas, in 1869. In that year, David Doyle and wife brought their family to Texas and settled near Celina.

One of the sons of this pioneer couple, the late W. M. Doyle, prominent West Collin farmer, died only a few years ago. Two of his daughters and two of his sons are still living on his old home place. Another one of the sons, A. C. Doyle, moved to West Texas fifty years ago. He is now a prominent farmer and stockman of the Slideli community. The late John Greenwood, extensive farmer, thresherman and worthy citizen of Prosper, married a sister of A. C. and W. M. Doyle. H. C. Greenwood is a son of the late John Greenwood and wife.

BANKHEAD BILL SALVATION OF FARMERS

ITS OPERATION MAY MEAN 15 CENT COTTON THIS FALL

Senator Tom B. Love of Dallas shows in the following that an overwhelming majority of Southern cotton farmers asked for the Bankhead bill, which, or similar regulation, raised cotton from 5 to 12 cents per pound and now to bring 15 cents cotton to farmers this fall:

* * *

MUST SAVE BANKHEAD ACT

I note in the press that Joseph W. Bailey, candidate for United States Senator, in a speech at Blooming Grove last Friday, declared he was opposed to continuing the Bankhead act, limiting the American cotton crop to 10,000,000 bales, after this year. I have been a cotton grower in Dallas county for the last fifteen years.

This is tantamount to declaring for 5c cotton in Texas after this year; and the effort of the middlemen and ginners to produce this result—next to the effort to destroy Federal oil regulation—is the most serious menace to the buying power and prosperity and welfare of Texas and of Dallas that is in evidence.

We had no Bankhead bill in 1932 and we had 5c cotton—and bankruptcy was well-night universal among cotton farmers and those business and laboring men dependent on cotton farming.

In 1933, over the open opposition of the middlemen and ginners, the Federal governmeat put in force the Bankhead bill of that year, under which we had 10c cottcn in Texas and a large measure of economic recovery.

For 1934 the Department of Agriculture submitted the question of crop limitation, through the Bankhead bill, to the farmers themselves in a referendum covering the cotton States. Forty-one thousand, six hundred and eighteen inquiries were sent to committeemen, chosen by cotton growers themselves in the cotton-growing communities, and crop reporters, being farmers residing in those communities selected by the Government. To each of these the following questions were asked:

1. Do you favor a plan of compulsory control of cotton production to compel all producers to co-operate in the cotton adjustment programs?

2. Approximately what percentage of the cottcn farmers in your community are in favor of compulsory control and would co-operate in its enforcement?

Twenty-four thousand, one hundred and forty-two replies were received to Question 1, and 93.1 per cent of the crop reporters and 97.9 per cent of the committeemen answered "Yes;" and to the second question 80.7 per cent of the farmers reported by crop reporters and 86.7 per cent of those reported by committeemen were reported in favor of compulsory control and co-operation in its enforcement.

Pursuant to this overwhelming vote of representative cotton farmers of America, the Bankhead bill of 1834 was enacted at the request of President Roosevelt; and spot cotton in Dallas sold for 12c a pound last Saturday, as compared with around 5c a pound when we had no Bankhead bill; and a few things can be more certain than that cotton will sell for 15c a pound before snow flies.

Dallas and Texas depend for their prosperity largely on cotton and oil. To destroy Federal oil regulation means 10c oil instead of $1 oil; and to destory Federal cotton regulation means 5c cotton instead of 12c cotton.

Two well-organized movements are on to produce these respective results. It is time for Texas to wake up.

THOMAS B. LOVE.

HON. JESS MORRIS DELIVERS ADDRESS IN CITY SATURDAY

For more than one hour Saturday afternoon, on the east side of the courthouse, Hon. Jess Morris, of Greenville, candidate for Congress from this, the Fourth Congressional District, addressed a good-sized audience in behalf of his candidacy for that important office.

Mr. Morris previously had spoken at Plano and other towns in the county and after his speaking engagement here, spoke Saturday night at Farmersville. He reviewed the present Congressman's record in Congress, assailing his record vigorously, having the Congressional Record to show the public where he had voted, in Mr. Morris' opinion, wrong in many instances.

Mr. Morris also reviewed his life as a citizen and dealt at length in the issues now before the people, telling that he would vote in line and for the masses of the people if honored; that his program was in sympathy and that he was a staunch supporter of President Roosevelt and his program.

His speech was well received and after his adjournment quite a few went up, shaking hands with him and promising him their support on July 28.

Wilbur Cunningham, of Farmersville, young student whom Mr. Morris had helped his way through school, introduced the speaker.

Mr. and Mrs. H. M. Bryant and son, Basil; son-in-law and daughter, Mr. and Mrs. Carl Bells and sons, Paul Thompson and Elliie Carl Bell of Prosper, left recently on a trip through the west. Going by way of Snyder to Lubbock they spent two days with Mr. and Mrs. K. H. West, the latter being a daughter of Mr. and Mrs. Bryant.

After a most pleasant visit there then went to Pueblo Colo., by Ft. Sumner, Las Vegas, Raton, N. Mex.; over Raton Pass, over the Hairpin drive; spent the night at Springer, N. Mex. They arrived at Pueblo Tuesday evening, spending a few days with Mr. and Mrs. Paul Gordon and Miss Annie Vera Bryan. Mrs. Gordon and Miss Bryant are daughters of of Mr. and Mrs. Bryant. While there they visited Colorado Springs, Manitou, Pikes Peak, through the narrow drive up the winding trail to Cave of the Winds to the Garden of the Gods, over the Ute Pass, the skyline drive at Canon City and Royal Gorge.

They also visited the Colorado fuel and iron mill, covering 600 acres manufacturing about 1400 different items, from small brads to large building materials when running full. The mill employs about 5,000 men and is run by electricity and gas. R. C. Albright acted as guide in taking the McKinney visitors through the big plant.

Mr. and Mrs. Bryant state they saw some good crops and orchards which were in the irrigated sections. However, most of the route was dry. They returned to McKinney by way of Kansas and Oklahoma, having traveled about 2,130 miles during the whole trip. They experienced no car trouble, which made their trip much more enjoyable.

We, the undersigned attorneys and citizens of Collin County, endorse the candidacy of Judge John H. Sharp for Associate Justice of the Supreme Court. Judge Sharp for many years was an active lawyer engaged in the general practice of law and in 1929 was appointed a member of Section A of the Commission of Appearls. In 1930 the law was amended and the Commission of Appeals was made a part of the Supreme Court and he was reappointed by the court for a period of 6 years. He now holds that position.

By reason of his 4½ years of service as a Judge of the Supreme Court, he is thoroughly familiar with the duties of an Associate Justice and has discharged his duties ably and has shown that he is fully qualified to fill the position of Associate Justice of the Supreme Court. In view of his excellent record as a trial lawyer and as a Judge, we think he is entitled to the promotion and ask the voters to support him.

Editorial Expression

Men of statewide prominence, officeholders, statesmen and orators come to McKinney every year as features on the program of the Old Settlers Picnic and ex-Confederates Reunion. Thousands of people attend these annual events in McKinney. The one this year is the thirty-fifth. The picnic and reunion was first held in Benge Park, one mile southwest of McKinney in 1900. After a few years, the location was changed to the old fair grounds in the eastern part of town. The organization applied for and received a charter and bought additional land. It now owns about twenty-five acres of well located ground. Wilkins Comegys, a native young McKinney business man, is president of the association this year. His great-great-grandfather, John L. Lovejoy I, was the first McKinney merchant when the town was laid out and incorporated, eighty-six years ago. One of his great-grandfathers, the late Francis Emerson, established the first bank in McKinney, sixty-five years ago. Wilkins is one of our city's most popular and influential younger business men, whose election to the honor was particularly fitting and appropriate considering the intimate connection locally that his family has sustained since the first organization of the county in 1846.

Mayor Largent, City Commissioners Add G. Wilson and Chas. M. Bryan as official head of our municipal government are happy to see the people of Collin county make liberal use of Finch Park. This is especially a popular playground and recreational spot during the heated season of the year. Finch Park contains about twenty-five acres, mostly covered by timber of natural forest growth. It is a real beauty spot that has been touched up and rendered more beautiful by the artistic hand of man. Picnic parties, family dinings, Sunday School and family reunions and all sorts of parties, large and small, can be accommodated. Come to Finch Park, cool off and relax. It helps mankind, both physically and mentally, and adds to the joy of living among those who take advantage of its cooling shade and other allurements.

Cotton acreage in Texas standing on July 1, 1934, is estimated at 10,914,000 acres. This is thirty-two per cent less than the acreage standing on July 1, 1933, when the total was 16,050,000 acres. For the entire United States, the estimated acreage standing on July 1, 1934, was 28,024,000 acres compared with 40,852,000 acres standing on July 1, 1933. Ten-year average abandonment for the period, 1924-1933, was 2.4 per cent of the total acreage planted. These figures indicate a greatly lowered total production this fall. It looks like the National Democratic Administration and Congress, by the aid of providence in the curtailment by drouth, are destined to wipe out a large part of the accumulated surplus that has played so much havoc with prices paid to farmers for their cotton in recent years.

Texas, like many other states, is being threatened by direful results of a serious drouth. It is not only destructive to growing crops, but it is affecting business adversely. A drouth relief program is being put into effect in nearly 200 counties of the state. However, Collin county is not one of them. Loans up to $1.00 per acre for growing feed and the purchase of cattle, and loans with which to buy feed for livestock are features of the drouth relief campaign. The drouth relief program heads up locally through the County Farm Agent's office. The loans are made by the Federal Emergency Crop Feed Loan office which is located in Dallas under the direction of Chas. W. Sherrill. Carl Gallagher, former city editor of this paper, is supervisor of these matters under, Mr. Sherrill.

This editor recently had the pleasure of meeting again with the Collin-Rockwall Rural Carriers Association. Although the ranks of this association have been thinned considerably during the past few years by retirement and death, there are yet a large number of the old time, faithful, genial letter carriers in the group. There is no group of men in our knowledge who are more honorable, obliging, upright and faithful to a trust than the rural letter carriers. We admire all of them and appreciate their valuable service in our modern day life.

Onions have become a staple crop in Collin county. It shipped out more carloads this season than ever before from a larger acreage although a smaller per acre yield. The quality of the product was good, and the demand was such that the crop averaged from 65 cents per bushel, field run, to $1.25 per bushel for No. 1 Yellow Bermudas.

County Farm Agent Jack P. McCullough is a key man for Collin county in Uncle Sam's set-up for a nation-wide relief of the dirt farmer. His office in the court house in the last year or two has been as busy as a beehive. We never hear of anyone any more entering an objection to county farm agency work.

PERSONALS

Hon. Louis A. Scott of El Paso is spending a few days visiting in McKinney with his mother, Mrs. L. A. Scott, and other relatives.

Andy Doyle and nieces, Misses Nola Doyle and Hassie Doyle, of Slidell, are visiting Henry Greenwood and family of Prosper. They were in McKinney Tuesday visiting old friends. Andy Doyle formerly resided in Collin county.

C. N. Malone is having a rent house on North College street remodeled in an extensive way and is also having it provided with utilities and other modern conveniences. Mr. Malone is the owner of several rent houses in our city. Mr. and Mrs. Malone are worthy people who believe in keeping their several properties in a good state of repair.

Announcement has been made of the recent marriage of Olin Luscombe, son of Mr. and Mrs. R. H. Luscombe of Weston, and Miss Winnie Lee Castleberry, which took place in Childress last week. The bride is a niece of Mrs. W. F. Brown, also of Weston. They plan to make their home for a time with the groom's parents.

H. B. Bickers, county relief administrator, has moved his wife and two children, Betty and Buddy, to McKinney where they are now at home. Mr. Bickers, who moved to this city some time ago to assume the position as county relief administrator, is proving a popular and competent official in that responsible position. He has many friends over the city and county, all of whom will be glad to learn that his family is moving here.

Contractor W. A. Argo of this city has been called to Nevada near which Southeast Collin town he will erect a new five-room farm home. Mr. Argo has done a great deal of building in that section of the county as well as here in McKinney and elsewhere. He is a reliable contractor and an expert workman. He says that there is considerable remodeling and rebuilding as well as new building going over the county but not nearly as much as there should be. During the past four or five years our entire country has dropped far behind in home building and remodeling.

Relatives and friends in McKinney are glad to learn of the steady improvement in the condition of Rev. John McWilliams, who has been a patient for several months in a hospital at San Antonio. He is a regular army chaplain in the cavalry division. In a fall from a horse, he sustained a broken leg and has been under treatment at San Antonio ever since the accident happened. Several weeks ago his condition took a turn for the worse, but he soon rallied. Rev. Mr. McWilliams was reared in McKinney, being a son of Mrs. Belle McWilliams and a brother of Mrs. J. A. McKey, both of this city.

Mr. and Mrs. Chas. Kimball were here Wednesday from Princeton visiting relatives and friends. Mr. Kimball has been operating his skating rink at Princeton for several weeks and is enjoying a nice business from the Princeton and surrounding communities. He states that a number from Farmersville have been coming over and enjoying the sport of skating. Mr. Kimball has the reputation wherever he goes of operating a very clean, high-class rink where children and ladies may go and enjoy skating at any time. He allows no rough stuff at any time. This fact, no doubt is one of the reasons for the popularity of the Kimball rink in every place it is located.—Farmersville Times.

Mr. and Mrs. J. R. Lawley, of 203 North Bradly street, are the proud parents of a seven and a half pound baby boy born at the City hospital on July 17. Mrs. Lawley and baby son are both doing well. The child has been named James Robert Jr. Mrs. Lawley is now able to receive visitors at the hospital.

WALTER ERWIN PATIENT IN KNOX CITY HOSPITAL

Walter Erwin of Dallas is in a hospital at Knox City, Texas, where he is recovering from injuries sustained last Friday in an auto wreck. Mr. Erwin, who travels through that section of the state, was en route to his home in Dallas, when a tire blew out, causing his car to overturn. He was not seriously hurt, but his injuries were quite painful. He was taken to the Knox City hospital for treatment and expects to be able to return to his home in Dallas the latter part of this week. Mr. Erwin is a brother of Dr. J. C. Erwin and R. D. Erwin, both in this city.

Dr. J. S. Collins reports two cases of typhoid fever near Prosper. Paul Self, son of Felix Self, has a rather severe case of the fever and Roy Strickland, also near Prosper, is suffering with the same disease.—Collin Record.

A SUCCESSFUL YARD CONTEST HELD AT ALLEN

Editor J. Frank Smith of the McKinney Examiner and wife, and Miss Frances Foster, of the Daily Courier-Gazette and the Weekly Democrat-Gazette, visited in Allen last Friday morning where they attended the yard contest, sponsored by the Allen Garden club, Editor Smith being judge in the contest.

About a dozen yards were entered in the contest, first prize going to Mrs. Ed Allen and second to Mrs. Bob Emerson. Honorable mention goes to Mrs. Will Dutton, Mrs. L. Wilson, Mrs. W. R. Taylor, Morgan Brown, Mrs. M. O. Perry, Mrs. Oscar Brooks, Mrs. Munroe Angel and others.

All the yards visited showed much thought in arrangement and care. Mrs. Allen's yard was most attractively landscaped with concrete curbs around the flower beds. A variety of shrubs and trees, with the grassy lawn, made a most enhancing scene. In the back yard she had an attractive rock bed, filled with vines, Ziannias, verbenas, and other seasonable flowers were luxuriantly blooming throughout the yard.

Mrs. Bob Emerson received second prize, for having the largest variety of blooming plants. Her cottage home is surrounded by several neatly arranged beds of flowers which included the following varieties: fire bush, calendula, scarlet sage, yellow [illegible] five varieties of cannas, bachelor buttons, periwinkle, chrysanthemums, zinnias, perennial pea, verbena, (four varieties), daisies, hibeiscus, crepe myrtle, princess feathers, marigold, pomegranite, petunias, roses, moss, yard coleus, cypress, flower bean, [illegible] lantanas, butter and eggs, olender, stock, hedges, dwarf zinnias, Virginia creeper, Japonica.

The Allen Garden club has been organized only two years, but during this brief period have taken much interest in that little South Collin town. The members have greatly beautified their own yards, landscaping, and have also had the school campus landscaped and a number of shrubs and hedges planted. The yards were unusually beautiful considering the several weeks of hot dry weather. In fact, the flowers found in the Allen yards are among the most beautiful we have seen this summer, and showed that they had been watered regularly and every care taken to preserve their beauty.

The club recently elected new officers for the coming year as follows: Mrs. Doyle Stacey, president; Mrs. Ed Allen, vice-president; Mrs. Hallie Bush, secretary; Mrs. W. R. Taylor, treasurer. The club meets every third Tuesday at 3:30 o'clock during the year, except the summer months.

The McKinney visitors were shown every courtesy on this visit. Mrs. Allen, Mrs. Angel and Mrs. Stacey were most gracious in their hospitality and in escorting the visitors to the various yards which were entered in the contest.

Stop Chills and Fever!

Rid Your System of Malaria!

Shivering with chills one moment and burning with fever the next—that's one of the effects of Malaria. Unless checked, the disease will do serious harm to your health. Malaria, a blood infection, calls for two things. First, destroying the infection in the blood. Second, building up the blood to overcome the effects of the disease and to fortify against further attack.

Grove's Tasteless Chill Tonic supplies both these effects. It contains tasteless quinine, which kills the infection in the blood, and iron, which enriches and builds up the blood. Chills and fever soon stop and you are restored to health and comfort. For half a century, Grove's Tasteless Chill Tonic has been sure relief for Malaria. It is just as useful, too, as a general tonic for old and young. Pleasant to take and absolutely harmless. Safe to give children. Get a bottle at any store. Know two sizes—50c and $1. The $1 size contains 2½ times as much as the 50c size and gives you 150% more for your money.

WALLACE HUGHSTON FOR THE SENATE

Wallace Hughston, for many years one of the most highly-esteemed citizens of Collin county, was here meeting the voters in his race for state senate from this district. While a visitor in this office, Mr. Hughston said: "I wish to take this method of expressing my appreciation of the splendid support being accorded me in Farmersville and East Collin. The many expressions of confidence and good wishes extended here and over the district shall always be highly valued by me whether or not I am chosen as your senator, and if I am successful in my race, they will only spur me on to the performance of a duty and service which I hope to render to the people. I have lived my life among you people and you know my record as a citizen, hence it would not be fitting for me to boast of any fitness I may have for the place of state senator—therefore, I rest my case in your hands and will abide the result, whatever it may be, with an humble desire to bow to will of the majority."—Farmersville Times.—(Pol. SAM NEATHERY OF HOUSTON VISITS CITY

Hon. Sam Neathery of Houston was in McKinney Saturday mingling with his multitude of friends. By request of McKinney lawyer friends, he talked at the east door of the courthouse for a little while in the interest of Judge Ben L. Jones for re-election to the Court of Civil Appeals. Mr. Neathery is a native of Farmersville where his father, the late Dr. A. H. Neathery, was prominent in his profession for many years and also as a successful business man and banker.

Sam Neathery was twice elected County Attorney of Collin county and was an influential leader politically until he moved to Houston. In the latter city, he served as City Attorney for several years, but is now a member of the law firm of Monteith, Neathery & Cutrer with offices on the fifteenth floor of the Second National Bank Building in the Bayou City. This is one of the strong law firms of the state with an extensive and lucrative practice. Mr. Neathery recently declined an important appointment, at Washington, D. C., under the present national Democratic administration. Mr. Neathery says that he is thoroughly wedded to his professional practice and intends to continue to devote his time and energy to his law practice in Houston.

Hughston Qualified For The Senate

The Leader has noted with interest the candidacy for our good friend and neighbor, Honorable Wallace Hughston of McKinney, for State Senator from the Tenth Senatorial District. We have known Wallace Hughston always, and while it is probably none of our business, we can not refrain from recommending him to our friends and readers in Collin County, some of whom may not know his character and qualifications as does this writer. In our opinion, Wallace Hughston is exceptionally well qualified to serve the people of this section of the state in the State Senate by reason of the fact that he is one of the best lawyers in Collin County, has the interest of the people at heart and is a man of the highest character and ideals.

He has signally distinguished himself not only as a lawyer and citizen but also in fraternal work, having just recently held the office of Most Worshipful Grand Master of the Grand Lodge of Texas, A. F. and A. M. We can not conceive of his not being elected and regret that a man of his character and caliber should have opposition. It is fortunate that the people of his district have been afforded an opportunity to vote for such a man and it is to be regretted that more men of his type and caliber do not run for the legislature, especially so the state senate, where their services are so badly needed to fight the battles of the people.—Van Alstyne Leader. "FIFTY-NINERS" ANNUAL FEAST WATERMELONS

B. Frank Scott, who, with his wife, own and operate the Delightful Inn hotel just across the street from the Daily Courier-Gazette and the Weekly Democrat-Gazette office, announces that the "Fifty-Niners" will hold their annual ice cold watermelon feast at Finch park again, this year.

This delightful annual occasion has been set at 3:00 o'clock Friday, July 27, on the last day of the big McKinney picnic and reunion. The watermelon feast will be given in Finch park.

The "Fifty-Nine" club is made up of McKinney and Collin county citizens, who were born in the year 1859.

The club has been observing these annual get-together occasions and ice cold watermelon feasts for several years.

B. Frank Scott is president and Walter B. Wilson, secretary. The latter (ineligible for regular membership) was elected an honorary member of the club when it was first organized five or six years ago in order that he might serve as secretary for the club.

Any person in the county born during the year 1859 is invited to join the club and participate in the meeting.

Members are requested to meet at the east door of the McKinney courthouse at 3:00 o'clock, July 27, and proceed to Finch park.

Conveyances will be provided for those who do not have their own car.

Fire Chief John S. McKinney is sounding a timely warning, requesting all McKinney citizens to cut grass and weeds from around their fences and buildings. He stresses the importance of doing this important work in the near future. The past several weeks of drouth and hot weather have deadened the grass until it is like tinder and burns easily, thereby causing a great fire hazard.

Scotty Forsyth is using [illegible] classified columns to advertise for an electric drill that cost him $85 and which disappeared from his shop on North Tennessee street recently. He will gladly pay $5 reward for its return.

TRAGIC DEATH GRANDSON OF M'KINNEY LADY

Bedford Gibbs, 22-year-old son of Mr. and Mrs. George Gibbs, of Route 3, Frisco, in the Navo community in the eastern part of Denton county, was fatally burned last Tuesday night in the oil field near Gladewater.

He was one of three watchmen on duty on the same tract of land. One of them was watching, while the other two were sleeping at the time on a big bench. When the two woke up, they were enveloped in flames.

The third man on watch saw them about the same time that they awoke.

The ignition of the fire is a mystery.

The remains of the unfortunate young man were brought back to the old home where funeral services were held in the Navo Methodist church at 5:00 o'clock Thursday evening July 19, by his pastor, Rev. Mr. Malone, assisted by Rev. C. H. Wray of Prosper, an uncle of the deceased, who made the principal talk.

Young Gibbs was born and reared at Navo where he was a member of the Methodist church.

He was a hard working, dutiful son and Christian gentleman.

His burial followed at 6:00 o'clock in Good Hope cemetery, about five miles northwest of Prosper.

The deceased is survived by his young widow to whom he had been married only a few months; also by his parents, Mr. and Mrs. George Gibbs and by two sisters, Mrs. Kathleen Harris, and Miss Genevieve Gibbs.

The mother of the deceased was formerly Miss Eva Ray, daughter of Mrs. J. B. Ray, of McKinney, and sister of C. H. Ray, prominent McKinney insurance man and civic leader.

Those attending the obsequies from McKinney were Mrs. J. B. Ray and daughter, Miss Ruth; R. L. Ray and wife and Leonard Ray.

Mr. and Mrs. W. N. Bush of Route 2, McKinney, left Saturday morning for a vacation trip to Colorado.

Miss Addie Brown Benton, daughter of Mr. and Mrs. W. M. Benton, is attending a house party at Rodessa, New Mexico. She has been attending Texas Tech the past six weeks at Lubbock and plans to be in school the next six weeks' term.

County Supt. L. Dow Hendricks and wife are being congratulated over the arrival of a baby son, born at their home this (Wednesday) morning. The mother and infant son are doing nicely.

REMAINS OF ROBT. BENNETT BURIED HERE

Remains of the late Robert Bennett who died in Dallas early Wednesday morning, July 18, were brought to McKinney for interment at 11:30 o'clock Thursday forenoon, July 19.

Rev. R. L. Cowan, pastor of the First Presbyterian church, concluded the services at the graveside.

The deceased, who was about sixty years old, was the son-in-law of the late Gov. James W. Throckmorton.

Mr. Bennett first came to McKinney a little more than forty years ago and engaged in the cotton business here for several years. His wife was formerly Miss Florence Throckmorton, who was born and reared here and who survives, together with three grown sons: Jim Bennett who is married and lives at Greenville and Bob and Bennie Bennett, who live at the home of their parents in Dallas.

The deceased was stricken with paralysis about a week before his death. A number of his friends and relatives at Dallas came up to attend the burial in Pecan Grove cemetery. Quite a number of old friends of the Throckmorton family, still living in McKinney, paid their last respects to the deceased at his interment.

The deceased's wife is a cousin of District Judge Frank E. Wilcox and Joe H. Wilcox, both of McKinney and of the late George Wilcox of this city.

Among friends coming from Greenville to attend the obsequies were Mr. and Mrs. Fred Burks, Mr. and Mrs. John Cantrell, Mrs. Sam Omohumbro, Mrs. Ed Bernard and Al Scott.

Many floral offerings covered the casket and grave.

Active pallbearers—W. B. Starr, S. L. Wood and S. W. King, all of Dallas; A. S. Underwood and George Evans, both of Athens; and D. H. Hart Jr., of Austin.

Among those attending the funeral and burial in McKinney were Mrs. J. R. Bailey of Austin, formerly Miss Annie Throckmorton; her daughter, Mrs. D. H. Hart Jr., of Austin; Attorney Doak Wear of Hillsboro and wife; Mrs. Jewel Gordan, also of Hillsboro. Mr. Wear is a cousin of the deceased.

MRS. EDDLEMAN, 72, PASSES AWAY EARLY SATURDAY

Mrs. Susan Elizabeth Eddleman died last Saturday morning, July 21, at 6:15 o'clock at the home of her son-in-law and daughter, Mr. and Mrs. Tom Forshee, 809 East Standifer street. She had been ill for seven months.

Funeral services were held Sunday afternoon, July 22, at 4 o'clock at the East McKinney Christian church, conducted by Dr. C. S. Weaver and Rev. A. H. Snider. Interment followed in Pecan Grove cemetery under the direction of the Isaac Crouch Funeral home.

Susan Elizabeth Denton was born in Monroe county, Tenn., November 2, 1851, being a daughter of the late Mr. and Mrs. Isaac Franklin Denton. She was 72 years, 8 months and 19 days old at the time of her passing. She came to Texas forty-five years ago, since which time she had made McKinney her home. She was a member of the Christian church, being active in attendance when health would permit, and was beloved and esteemed by every acquaintance. Her passing is causing a pall of sadness in the hearts of her multitude of friends.

She was married to Francis Newton Eddleman, who with two children and one step-child preceded her in death. The following children survive her passing: George Eddleman, Sam Eddleman, Mrs. Dee Forshee, Mrs. Tom Forshee, Mrs. J. S. Cook, Isaac Eddleman and Mrs. Ernest Black. Fourteen grandchildren and three half-brothers and three half-sisters survive as follows: S. L. Denton, Charles Denton, Grover Denton, Mrs. Walter Jenkins, Mrs. Nettie Burrough and Mrs. Laura Burrough.

Mrs. Roy Largent is at Mineral Wells for a several days' visit guest at the Crazy.

Mr. and Mrs. Forrest Wade of Royse City attended the funeral of the former's grandmother, Mrs. S. E. Eddleman here Sunday afternoon.

J. Wash Taylor, well-known resident of near Melissa, was visiting in the county seat Tuesday. He said he had noticed the ground cracking around the roots of trees and said, in order to save the trees, to pour a gallon or more water around the roots of the tree then pull the ground close around the roots. This will save the trees, otherwise they will be burned up. This has been an unusually dry spell, being detrimental to not only crops, but all kinds of plant life.

Mr. and Mrs. Burt Moulden are the proud parents of a fine baby son, born Sunday at the City hospital. The new arrival has been named Burt Maxwell. Mr. Moulden is the son of Judge and Mrs. R. L. Moulden, while his wife is the daughter of Mr. and Mrs. H. M. Bryant of this city.

SAD DEATH OCCURS IN SHERMAN

Mrs. George Wilcox received a phone message, Thursday, from her brother, June Wilson, Sherman business man, to the effect that a relative of theirs, Walton Love, twenty-four-year-old son of M. A. Love, prominent Sherman business man, had just died in a hospital there from the effects of an injury he sustained accidentally while wrestling with a friend at Orangeville, near Leonard, at a party held on July 4.

Young Love was an athlete in college and a fine physical specimen of youngmanhood. He and his most intimate friend, a young Mr. Birge, were by turns lifting each other by their head and neck. In some manner, Mr. Love's neck, or a vertebrae in it, was dislocated and fractured. Paralysis ensued from which he failed to recover.

He was a young man of splendid personality and popular. He had often visited in the Wilcox home here at McKinney and had a number of friends among the young people of our city who are deeply grieved at his tragic end.

Mrs. George Wilcox and daughters, Misses Maud and Billie Jean, attended the obsequies in Sherman today (Friday).

GRAND COMMANDER WILL J. RHEA, OF TEXAS GRAND COMMANDERY, AND FAMILY ARE HOME FROM CONCLAVE

Will J. Rhea, grand commander of the Grand Commandery of Texas, Knights Templar, wife and son, William, returned home Thursday from San Francisco, California, where they have been in attendance upon the sessions of the Triennial Conclave. As Grand Commander of Texas, the highest position of honor Knights Templar can bestow upon one of their members, Mr. Rhea took the leading part in all the proceedings in which the Texas delegation participated.

He and Mrs. Rhea and their son had a most enjoyable time, declaring that their reception in that western city was perfect. San Francisco, long known for its famous "civic smile," spared no efforts in showing their visitors a good time during their four-day stay, the dates of the conclave being July 9-12.

They were away some three weeks, going from McKinney to Chicago where they visited the World's Fair and then going on to Milwaukee where they joined a special train to the coast. Stops were made at Denver, Colorado; Colorado Springs, Canyon City and Salt Lake City.

Mr. Rhea, in conversation with these editors, Thursday declared that the Texas delegates are well pleased with the honors coming not only to Texas but to the Middle West, including this state. Oklahoma and Kansas. A Texas man, John Temple Rice, Past Grand Commander of the Grand Commandery of Texas, of El Paso, was elevated to the position of Right Eminent Grand Junior Warden of the Grand Encampment of America, against a field of five candidates, the others being from North Carolina, Washington, D. C.; Pennsylvania and California.

Another honor coming to Texas was that its drill team, from Fort Worth, won third place in national drill competition among drill teams of all other states of the union.

The Okmulgee, Oklahoma, team won first and the Emporia, Kansas, drill team took second. Hence, it will be seen, as Mr. Rhea points out, the Southwest and Middlewest won practically all honors during the entire four-day convention.

The delegates decided to hold their next conclave, in 1937, in Miami, Florida.

Mr. Rhea and family were in San Francisco at the time the big strike broke, and it was at its height when they left. They were there when all the street cars, buses and other motor transportation was tied up and when a large part of the food supplies of the city had been tied up.

In the parade, which is staged at each conclave, it was estimated that there were some 15,000 Templars in the line of march. The sessions of the convention were held in the Municipal auditorium in San Francisco which seats 12,000 people and Mr. Rhea reports that on various occasions the huge auditorium was running over, especially on Sunday afternoon, before the convention opened on Monday, when the sermon was delivered by the prelate a Templar from the state of Maine. Thousands were turned away.

The four-day meeting was one of the most successful in the history of Knights Templar and it was an occasion which Mr. and Mrs. Rhea and their son will always remember and cherish for the wonderful time they had.

Hon. and Mrs. Wallace Hughston spent Sunday in Plano, guests of Mr. Hughston's father and mother. It was Mrs. Hughston's eighty-second birthday. Mr. Hughston is ninety-two. They have been married sixty-four years. All the children were present and an old fashioned, happy family reunion was had with a good dinner. Mighty fine, pioneer people, who have made our country what it is and bequeathed it to their offspring that they might carryo on.

Miss Frances Ellis and little brother, Herbert, children of C. V. Ellis, of Farmersville, were McKinney visitors Wednesday. Master Herbert recently had his tonsils and adenoids removed by Dr. E. L. Burton and is now about fully recovered and well again.

SURVEY INDICATES BAILEY WILL GET 509,000 VOTES

SO FRIENDS DECLARE. SURVEY OF TEXAS MADE

An impartial and non-political survey made by a Dallas statistical concern, which sent thousands of post card ballots to all sections of Texas, shows that Congressman Joe Bailey will defeat Senator Connally in the Democratic primary next Saturday. This is not a partisan straw vote, such as those arranged for political purposes. It has all the authority and reliability of the Presidential polls so successfully conducted by the Literary Digest.

The survey indicates that 911,000 votes will be cast in Texas on election day, and of these Bailey will receive 509,000; Connally, 389,000 and Fisher 13,000.

It will be remembered that Connally has never been able to poll the strength that Bailey has shown in any previous state-wide race. Returns of the election in 1928 gave Connally 320,071. While in the run off for Congressman-at-Large Mr. Bailey received 519,893 against a strong opponent. It is only to be expected that a similar ratio will prevail next Saturday.

Mr. Bailey has been bitterly opposed by thousands of Federal employees, professional politicians and various men of great wealth. However, he has carried his campaign to the farmers and the working men of the state, who have turned out in multitudes to hear him, and knowing that he has their support the result seems sure. Mr. Bailey has travelled almost twenty thousand miles and has made over two hundred campaign speeches in less than sixty days. In this way and by speaking over the radio, his constructive platform and his high aims and ideals have been brought to the attention of almost every voter in the state. His plan for combatting the unemployment situation has been met with universal accord and consideration. He realizes that with eleven million men and women idle and hunting jobs, many of them destitute and starving, that no permanent prosperity can come to this country. He plans to foster legislation which would compel the huge corporation who rule the business world to spend some of their vast resources and capital in putting these people back into the industries from which they were forcibly thrust by the so-called "prosperity" mergers.

For the farmer Mr. Bailey favors an expansion of foreign trade so that there will be a wide market and better prices for farm products and additional employment for those who need it. In this way Mr. Bailey will strive to build up both foreign and domestic markets so that a permanently normal United States may soon result. He favors lower interest on farm loans and cheaper farm machinery.

To labor Mr. Bailey favors a full sympathy with their aspirations and ideals. His votes on labor measures in Congress demonstrates that he has always had the welfare of the working man thoroughly at heart.

Mr. Bailey has regretted the fact that his opponent consistently refused to meet him in a joint discussion of these tremendous issues, which so vitally affect every citizen's welfare. The answer on the part of Mr. Connally as to how he stood on these matters has been merely a discussion by the Senator of his dubious activities in Congress.

Mr. Bailey's campaign was hampered by the fact that he had to repeatedly leave Texas and fly to Washington in order to fight the Ickes Oil Control Bill, a measure which, if permitted to become a law would have taken the control of the Texas oil industry from the hands of the state and turned it over to the Secretary of the Interior. It also would have caused thousands of oil field workers to lose their employment, owing to its provisions for unitization of the oil fields.

Be sure to hear Mr. Bailey's radio speech over Station WFAA Thursday night at 9:00 o'clock.—Pol. Adv.

Shirley G. Taylor, former County Clerk, has just been notified of his appointment by Hon. W. A. Thomas of Dallas to a deputyship under the latter in the United States Internal Revenue Collector's office. Mr. Taylor's duties will be connected with the administration of the Bankhead Farm Relief law. Mr. Taylor is well qualified for such work, and his appointment meets with cordial approval of the people of his home county generally. Mr. Taylor recently moved to his new completed residence on North Waddill street, this city.

Mrs. L. A. Hitchcock and daughter, Miss Mattie, spent a most pleasant week with Mr. and Mrs. George Sperlazzi who live on and run the big Glen Shirl farm, three miles northwest of the city.

A Five Thousand Dollar Experiment

My opponent for the office of sheriff of Collin County has recently made the statement to the voters that he has made the sheriff's office self sustaining, and that his administration has not cost the tax payers of this county a single one cent piece. LET'S EXAMINE THE RECORD:

The County Auditors report of 1933, page 82 show that the sheriff earned and collected in criminal cases the sum of $2470.59. This report shows that he paid his deputies the sum of $4020.00. According to this report he failed to earn enough in criminal fees by $1549.41 to pay the salaries of his deputies.

This same report shows that COLLIN COUNTY paid Mr. Walker the sum of $4518.98 for feeding prisoners, of which the sum of $3008.28 was a clear profit to the sheriff. The report shows further that Mr. Walker was paid the sum of $840.00 for waiting on the courts.

These records show to you that Mr. Walker cost the tax payers the sum of $5358.98 which was paid out of your taxes and that you did not receive ONE CENT back in excess fees.

The auditors report show that I was the first sheriff of Collin County that ever returned to the tax payers an excess fee. During my term of office after paying all expenses of the office I was able to return to you nearly $1200.00. I was able to do this not withstanding that I paid my deputies a $1000.00 more in salary each year than my opponent does and if I could have obtained my deputies for the same money that he does I would have been able to return to the people of this county more than $5000.00 in excess fees.

My opponent says that the reason that he has not made a success out of the office is because the depression is on. We all know that there HAS NOT BEEN any depression of crime; that we are in the midst of the greatest crime wave we have ever known. Other officers have not noticed the depression as the records show that out of 1356 criminal cases filed in the eighteen months that Mr. Walker has been in office that the sheriff and his paid department have credit for only 175.

It seems to me that if the sheriff and his deputies had worked on the many unsolved crimes in Collin County that he might have been able to make the office pay its own way and not be a burden on the tax payers.

Do you think that the liquor laws should be enforced? The records of the court at McKinney show that out of Seventy-Four (74) liquor cases filed during the year 1933 that the sheriff and his TWELVE (12) deputies filed only SIX (6) cases. DO YOU APPROVE OF ALLOWING MEN AND WOMEN PRISONERS STAYING TOGETHER IN JAIL? I did not permit it when I was sheriff and will not permit it when elected this time.

TWENTY-FOUR (24) days before the election I distributed over this county a statement in regard to the sheriff's office and my campaign. In this statement I told the people some of the things and conditions that the present administration was doing. I published this statement because it was impossible for me to see every voter in this great county and I wanted the people to know the true facts. The sheriff has never denied a single statement that I made therein but on the other hand has made the statement that he is not ashamed of the way that he has run the office. I do not believe the good people of Collin County approve of this conduct of the high office of sheriff which should set an example for the young boys and girls of our county.

I promise you that if elected sheriff I will select my deputies from the best people in each community and that they must respect the laws and respect you. To the good citizens of McKinney and Collin County I appeal to you for your help in this campaign as vice conditions has never in our history been as bad as it has for the past eighteen months; conditions that are so bad that it has about reached the stage where we are afraid for our daughters and wives to walk down the streets at night without being insulted by some drunk; Lewd women openly walking our streets unmolested by the officers.

RAY HAMILTON MAKES ESCAPE AT HUNTSVILLE

One convict was killed, two were wounded, a guard was slightly wounded and three "killers," sentenced to life imprisonment and death, were liberated in an unprecedented prison break from the state penitentiary at Huntsville Sunday afternoon. Raymond Hamilton, notorious gunman, desperado, robber, automobile thief and generally rated as the No. 1 bad man of the Southwest since the death of his leader, Clyde Barrow; Joe Palmer, another killer and sentenced to die; and Blackie Thompson, another convict under death sentence, all made good their escape. Charley Frazier, who initiated and planned the break, and Roy Johnson, both under life sentences, were wounded and Whitey Walker, another of the "death cell" gang, was killed outright.

The break which occurred about 4:30 o'clock Sunday afternoon, was accomplished while most of the prison inmates and officials were at the baseball game between the prison team and a team from Conroe. When an unarmed trusty came to feed the desperadoes in the "death house" he was met by Charley Frazier with two .45 caliber pistols. Frazier took the keys, liberated the remainder of the gang, locked the trusty in a cell and took another unarmed trusty as a shield. Thompson, Hamilton and Palmer were over the walls and away under the fire of guards, before the remainder of the prison found out what was wrong. Johnson was slightly wounded as was Frazier, while Whitey Walker was killed outright. A ladder was used.

One of the convicts in the melee shot a guard, the bullet creasing his skull. He will recover. Two automobiles awaited to carry the desperate trio away.

Modesty Helps Him Now

When Congressman Sam Rayburn comes back to his district he delights to tell about his chief, the president, and is more than modest in public or private discussion about his own efforts and accomplishments.

In speaking of President Roosevelt, naturally, considerable time is required if any idea at all is to be given about the man and his new deal policies. But Congressman Rayburn is a party man and realizes that the most can be accomplished for the good of the party and the nation by supporting the Democratic leader. The party he loves so well has advanced him through the years and his quality of leadership as well as his seniority placed him in a position to serve and to talk authoritatively of his chief.

Mr. Rayburn's modesty, however, does not cover up accomplishments of a capable man. This is true despite the fact that his service has been generally recognized over the nation more than in his own bailwick. In previous years his modesty has prevented the showing to the public at large of the work of his fine hand on legislation. Now important laws bear his name for he could not escape the recognition.

The rest of the nation suddenly discovered Mr. Rayburn in early days of this administration when he was prominently spoken of for the speakership to succeed Mr. Garner, who became vice president. But it was his quiet but effective handling of legislation that impresses any and all observers at Washington and their reaction was quickly passed on to the country.

Marked by his quiet dignity, Mr. Rayburn has had what few great leaders in congress have faced, opposition in his 11 campaigns for re-election. His record in the past two years has been publicized for him because of his top position with the new deal, and he could not prevent that. So his friends look forward to the July primary, not discounting the strength and efforts of his opponent, but sure that the people of the district fully appreciate and desire to see continued his valued service both for the new deal and for the district.—Editorial in Sherman Democrat.

J. PAT MOULDEN ONE DEPUTIES IN STATE OFFICE

In a note from J. Pat Moulden, one of the chief deputies under George H. Sheppard, State Comptroller during the period of the latter's incumbency, he says, "Of course, I have a personal as well as a public interest in Mr. Sheppard's re-election."

Pat Moulden who is a former County Clerk of Collin county and one of our county's most influential and honored citizens says that he expects to be in McKinney in the next three or four days on a brief vacation. Continuing, he says this about Mr. Sheppard:

"Mr. Sheppard is a man of unquestionable integrity, fair and just in his dealings, both with the State and the individual. He is reserved in manner, kind in disposition, conservative in his views, and keeps foremost in his mind the interest of the State and welfare of the citizenship in the adoption of just and practical methods necessary to carry out in a fair and impartial way the duties imposed upon him by law.

"In addition to his general qualifications, I feel that by reason of his study and experience, Mr. Sheppard is in a position, especially at this time, to render a greater and more effective service than anyone else. Under the new gasoline and cigarette tax laws, Mr. Sheppard has been instrumental in bringing about an increase of $4,000,000 revenue collections within the last year.

"Mr. Sheppard has always taken an active part in civic and public affairs for the betterment of the community, county and State. No official serves the State with less selfishness or greater sincerity. He is in every way meritorious of your support. I shall very much appreciate your vote for him in the coming primary."

Mr. and Mrs. W. R. Roberts of Ennis are spending a day or two with their cousin, Slick Roberts. Mr. Roberts lived here for seven or eight years, leaving McKinney in 1908. For many years, he has been with the Southern Pacific railroad. This office had a kindly visit from Mr. and Mrs. Roberts and our good friend, Slick Roberts. For many years, Slick Roberts was on the police force in McKinney and a better, more courteous, kind and attentive officer, the city of McKinney never had. Mr. and Mrs. Roberts are meeting many old time friends while here.

Our lifelong friend and one of Texas' ablest lawyers, Judge C. A. Leddy, of Houston, dropped in for a small chat Thursday. Charlie is a native of McKinney. He has filled important offices in the way of county attorney of Hunt county, assistant attorney general of Texas and is one of the supreme judges of this state, having been appointed by Gov. Dan Moody. He is now in private practice, there being seventeen attorneys in his firm, and tells us he has a fine practice. In fact, more than he can do. No one appreciates the lifelong friendship of Judge Leddy more than these editors. While a young boy he served as typesetter and reporter on these papers.

Dr. Smith and wife of Anna were greeting friends here. Dr. Smith recently graduated for the practice of medicine and located at Anna. He is a native of this county, being a son of Mr. and Mrs. Charley Smith, well-known and highly respected citizens of Celina. We never had the pleasure of meeting young Dr. Smith before or his excellent wife, but have known his parents many, many years. He is a fine looking young man and is said by those in a position to know to have been a bright student and now, having graduated and received his diploma to practice medicine, has indeed a bright future.

Rayburn Votes Against President

Mr. Rayburn has been going about over the District proclaiming both through the press and circular form, also from the stump, to be a close personal friend and adviser of the President and staunch supporter of the Administration, and the New Deal.—Read the facts as follows:

ITEM NO. 1—He voted against the Repeal of the 18th Amendment.

ITEM NO. 2—He voted for the payment of the Soldiers' Bonus.

ITEM NO. 3—He voted for the Independent Office Appropriation Bill, calling for an increase of 10% in his own salary.

ITEM NO. 4—He refused to co-operate with the President, upon the President's request, for he and his Committee to put through Congress the Oil measure he had in charge.

The above four items were the most important to be settled before Congress.—And Mr. Rayburn refused to stand with the President and the Administration on all of them.

I am not criticising Mr. Rayburn for voting against the 18th Amendment, nor for voting for the payment of the Soldiers' Bonus. I voted against Repeal myself and I am 100% for the payment of the Soldiers' Bonus. But I am criticising him because he is claiming to be one thing and voting another.

He votes with the President when he thinks it is popular to get votes and he votes against him when he thinks it is popular to get votes . . . He is nothing more or less than a cheap politician.

He claims to be the author of the Securities Act and Stock Exchange Act. A copyrighted article published in the Dallas News of February 27th this year written by Paul Mallon, reveals the fact that he knew nothing about either of the measures until they were handed to him by the Anthony Club, a bunch of college professors, and asked that he and his committee steer them through the House.

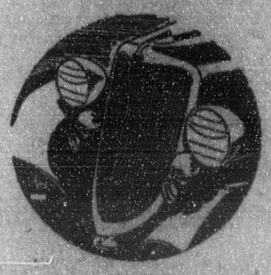
There are some things we refuse to do to sell a car



There are some things we refuse to do to sell a car. We like sales, but fair-dealing and the confidence of our customers are desirable too.

For one thing, we refuse to poison any one's mind against another make of car. We know what our car is and what it will do, and we are ready to tell you about that. But to imply defects in another car is not our business.

We have done our utmost to encourage intelligent buying of motor cars by showing purchasers how to protect their own interests. All that a good producer asks is a customer who knows quality when he sees it. An intelligent purchaser will speedily conclude that only a bad product requires bad sales methods.

We refuse to keep dinning in your ears that the Ford V-8 is the best, most economical, lowest priced car. That is claimed for several cars. Obviously it cannot be true of all. There comes a point where claims and adjectives and all advertising hysteria disappears in its own fog. Personally, I prefer facts.

We say the Ford V-8 is the best car we have ever made.

We say that our 8-cylinder car is as economical to operate as any lower number of cylinders.

We say that we have always been known as the makers of good cars and that the many good, well-balanced qualities of our present car place it at the head of our line to date.

Any one wishing to do business with us on these principles will find our word and the quality of our product to be A-1. What we say about economy, operation and durability will stand good anywhere.
